

Product Data Sheet

King Anti-Microbial

Product Code: CKG1FP98

Description: King Ant-Microbial protects against Mould and Bacteria Growth.

Treated Surfaces will experience up to 70% less Mould Growth compared to untreated surfaces.

Test Data: Laboratory Trails and tests carried out to **BS3900 Part 6** showed greatly reduced Mould Growth on surface samples treated with King Anti-Microbial.

Specially formulated and tested to **ISO22196: 2011** test showed Bacteria reduction of 99.9% Over a 24-Hour period.

Escherichia Coli & Staphylococcus were specifically tested for the above results, however similar results are obtained for other Potential Bacteria Growth.

Antiviral Test certificate **ISO 21702:2019** – data showed a reduction of SAR-COV-2* of 72.3% after a 2-hour period.

Technical Data: Supplied on Request.

Treated Surfaces: Most Surfaces can be treated however mostly Plasterboard and other porous surfaces are treated – try **King 10** for Non Porous Surfaces.

Surface Prep: Surfaces must be **clean** and **dry**, and any current mould must be cleaned from the surface.

Customers are advised to always find the root cause of the Mould as this will give even better results once fixed, but if this can not be the case treating surfaces will greatly reduce the effect and growth of Mould.

Application method: Trigger Spray or Pump Spray onto the Surface. Always Shake well.

Coverage: 10M2 Per Litre

Cure Time: Surfaces will be touch dry in 1-2 hours and fully cured in 24 hours.

Warranty: 1-2 years – Environment Based.

Tracer Technology: Coating Kings can add tracer technology to King Anti- Microbial allowing the user to note the product is in situ and working.

Maintenance: is minimal and is a simple wipe down with a damp Micro Fibre Cloth, when cleaning treated surfaces there is no need to use harmful Chemicals or abrasive cleaners – just simply wipe with a clean damp cloth.
Always wear protective PPE when cleaning Mould affected areas.

Dangerous Goods: King Anti-Microbial is not listed as Dangerous Goods, however there are warnings and PPE should be worn see full SDS sheet for details.

Packaging: HDPE/ PET fully recyclable packaging to meet the Environmental standards of Coating Kings. 5 Litre Drums - 500ML options available.

Limited Warranty: Coating Kings Ltd warrants that treated surfaces will remain protected from excessive Mould growth and Bacteria replication for a period of 1-2 year minimum.

In case of the product not being applied correctly Coating Kings Warranty will be invalid. In Case of product failure that is deemed to be the fault of Coating Kings new product to cover the already treated Surface area will be supplied Free of Charge, no consequential costs of re application will be offered or paid.
